## **WHOM SO EVER IT MAY CONCERN**

We are the manufacturer of LA DISCONNECTOR and supplying to various reputed LA ( Lightning Arrester) manufacturing companies throughout India and overseas as well.

LA Disconnector used at all Electrical Distribution Transformers, It functions during abnormal conditions (High fault current flowing ) due to thundering or by switching in micro seconds. At that time LA Disconnector disconnects the circuit and saves Transformer and surrounding equipments.

This is to certify that the following students have done internship for the period of two weeks from 01-05-2018 to 15-05-2018 from the Mechanical Engineering, ANITS college ( Vishakhapatnam ).
