Whom So Ever it may Concern

We are the manufacturer of LA Disconnecter and supplying to various reputed LA(Lightning Arrester) manufacturing companies throughout India and overseas as well.

LA Disconnecter used at all Electrical Distribution Transformers. It functions during abnormal conditions (High Fault current flowing) due to thundering or by switching in micro seconds. At that time LA Disconnecter disconnects the circuit and saves transformer and surrounding equipments.

This is to certify that the following students of Mechanical Engineering, ANITS (Vishakapatnam) have done internship for the period of two weeks from 15-05-2018 to 31-05-2018.

S. No	Student Name	Registered Number
1	D.Dikshit Chandu	315126520042
2	B.Rajeev Varma	315126520025
3	D.Sai kiran	315126520038
4	B.Harish	315126520019
5	D.Mahesh Kumar	315126520047
6	P.M.Sai Deep	315126520173
