Department of Mechanical Engineering

Consolidated report on feedback and action taken on syllabus/curriculum for the academic year 2016-17

Stakeholder	Suggestions	Action Taken
Faculty	<ol style="list-style-type: none">1.Economics in plant selection to be added in power plant engineering course2.Topic on fatigue design under combined loading and bolts of uniform strength to be added in Design of Machine elements-13.Fuel-air cycles and actual cycles analysis to be added in Engineering Thermodynamics-III course	<ol style="list-style-type: none">1. The suggestion is well received by including the Economics in plant selection in 3rd year R-15 regulation.2.The suggestion is well received by including the topic in 3rd year R-15 regulation which are also useful for competitive exams3.Fuel-air cycles and actual cycles analysis is added in 3rd year R-15 regulation
